

BROKEN PEOPLE 23

~OR~

**Meet the true unsung invisible
heroes that few of us ever hear about.**

VA is not caring for US Vets! The many unsung heroes who are, are invisible spouses, parents, siblings and other family members, neighbors and often complete strangers are doing the actual care taking. VA simply profiteers, grandstands, propagandizes and plagiarizes, by stealing their credit and copious amounts of tax dollar budgets 400 billion annually for what others actually undergo and do invisibly.

My dad was a Korean War Vet, which precursed Vietnam War; it did awful things to him. When one is fighting demons, s/he does not see anything but monsters. Not a spouse, kids, not even a self in the mirror only Devils. He did great hiding his horrors, mostly – but sometimes when the raging beast overcame him it attacked swiftly, viciously, brutally, and violently. I briefly saw it in his eyes during ‘a mood’ as we called it. Dad was not in there; something else beyond evil possessed the man. Parents tell kids that monsters do not exist. Oh yes they do. I saw and experienced them through the eyes of my dad! He never remembered his rages; I can never forget them or the *bloody, violent, brutality...*

I know of other kids in America that go through the same hell and demons with their abandoned, War-broken parents who never not get any help either!!! My dad certainly did not! All he got was misunderstood, punished, condemned, and scapegoated for Korean War injuries not of his making that he was drafted into serving. The difference between then as a child and now as an adult is that I understand why he was the way he was and why we children suffered: **military and War create and bring out vicious animals from otherwise gentle, civilized people.**

However, as a terrified child staring into the face of the ‘god’ that created me in his likeness and image, I could never understand why the demons of his War unleashed their fury upon me...perhaps the ‘sins’ of our fathers and now mothers not of their making passing onto their children? Let us not forget the families destroyed by those sins, too.

Where were America, politicians, AFGE unions, VSO's, VA, and Vet helping agencies for Korean Vets like my dad – and their CHILDREN, AND FAMILIES – when they were salvageable? Maybe later - came too little, too late for them and my family and the thousands of families like us. Funny how each passing generation erases such crimes until they re-manifest in descendants – **the children. Every time VA abuses a veteran that Nazi agency abuses their spouses & children the worst.** Moreover, such child abuse is just another subject Amerika pays off with lip services. **One can tell much about a country in how it cares or does not for the most vulnerable of its kind: children, veterans, & old people. Amerika grades a shithole minus, minus.** *Living with a crazy Vet is tiresome; all but the strongest of women, now men, kids, and relatives can*

successfully do it. Mom was a tough woman putting up with my dad; the ex-wife did her best with me, too. I harbor no blame against that woman; the problems were too monstrous for us – alone. Maybe with the help that she and I needed...and sought from VA but did not get, we would have had a better life that might have been, which now is too little & too late. However, I have to live with my problems; she does not.

Veteran suicide has existed in US since WWI, but then as now America's national disgrace remains covered up as 'other causes' of veteran death hiding America's disgusting dishonor that our soldiers, their families and children are forced to carry alone. Not much has changed since the 1900's except, perhaps, better lame-mass media PR, lip service, and Socialist propaganda hiding a US national scandal of biblical proportions. Those who protested Military conscription against War learned same, as did I: we had nothing to lose in not cooperating with US society and culture that were our true enemies. Only by losing everything that since childhood I was misled to believe was worth honoring and defending did I come to realize all of it was for nothing but dust blowing over an American wasteland of cowards wrapped in red, white & blue colors singing to a star spangled banner patriotic tune of hypocrisy sacrificing other people's families and kids for a free ride and lunch paid for by blood sacrifices of others.

I paid a life, but kept my soul, learning that humble lesson. ***Humans are masters at creating dust idols and 'gods/goddesses' to worship and scapegoat for the race's frailties: humans carve their fears into idols and then believe in, demonize and worship them as 'gods.'*** *I lost it all to learn nothing plus or minus nothing remains nothing.* It is all dust. *America loves her Veterans so long as we stay out of sight, mind, and are not a bother, do not cost the nation anything, while paying for the country's first class free ride and lunch tickets that just expired.*

Meet the true American heroes; you probably live next door to one or more and do not recognize s/he. ***VA is among America's Queen whores of thieves; she steals and takes credit for veteran care from among the nation's myriad, sundry, mostly invisible – true, unsung, heroes. Families, spouses, friends, good Samaritans, volunteers, neighbors, private medical care, state, county, municipal and private insurance, local, state and other federal medical and benefits systems such as Social Security, Medicare, Medicaid, state, county and local hospital districts, clinics – some veteran charities...too many vet charities are sham profiteers exploiting us and that is a fact – an extremely, very few religious organizations and the list goes on!! Social Security, municipal, county, state and pvt disability insurance programs pick up and pay for a lions share of the valid, veteran disability claims that the VA sham kangaroo judicial processes flatly denied outright.***

To put it another way, deadbeat, freeloading VA is off-loading budgeted work and costs, taking credit, stealing and mooching off America's private, public and personal safety nets, in addition to robbing taxpayers stupid, while not doing the tasks that it claims to do, and the elected lootership in Washington's whorehouse DC – DC stands for does not care – are serious partners in the ***dirty trick organized crimes*** shifting those costs into strained personal, family, state, county and

municipal budgets. To put this another way, that company misappropriates funding while shifting a lions share of its work onto other people, institutions, and governments to pay and do, while keeping the 400 billion annual budget taxpayers pay it directly. War costs draining local municipality, county, state, personal and family budgets enriching freeloading Veteran's Affairs Dept largess exploiting the nation and her veterans. Remember that next time you get nicked for sales, excise, vat, income, property, excise, and myriad, sundry other taxes, fees, ad nauseam...think about how much that freeloading bureaucracy robs from you to care for VA and its friends instead of our veterans and their families.

VA says, War is good for business but only when investing your resources, kids and families into the meat grinder feeding it. VA loves her free lunch and ride parasitically sucking on a taxpayer sugar tit. Only 50 cents of every 5-dollars VA budget actually gets to veterans and most of that walks out the back door in VA employee pockets. With so much claimed veteran 'help' in America why are 100 a day dying by suicide from lack of it? I never lost a single troop on active duty; all died after discharge from suicide from not getting the care each needed to heal and return to a functional civilian life. VA gets richer while the nation grows poorer. HOW SOCIALIST. VA since you persist in being a blood sucking parasite, stop killing the hosts.

‘A lie is a lie even when everyone believes it; truth remains truth even when nobody believes it. Adolf Hitler.

A pervasive lie that veterans get healthcare and benefits on par or better than private sector is now a commonly believed, persistent, propagandized, lie. Here are the historical facts – you figure out the rest. During the Clinton Administration, first lady, Hillary Clinton's plan was to sell America on Socialized Healthcare. She needed a sterling Socialized example so chose the VA as her model. Armed with a presidential decree she gave VA an ultimatum: reform into that sterling model or else. Hillary needs no introduction: she has sharp teeth and a very nasty bite. In 1994, Clinton put Kenneth Kizer in charge of the VA health system, as Undersecretary of Veterans Affairs. The new sheriff over that agency had large teeth and nasty bite, too. Kizer among his many accomplishments, reformed VA; he modernized the VA's computer systems, fired poor-performing doctors, support staff, and established private-sector-style metrics to measure the VA's performance on things like patient wait times, care quality, service, etc. In other words, during his five-year tenure, Hillary & Kizer reformed VA into a top-performing healthcare and benefits institution highly envied by the jealous US private healthcare industry. They did this without more and more budget money and notwithstanding entrenched, status quo 'good old boy and girl' interests dead set against them derailing their gravy trains. Clinton and Kizer created a long overdue mammoth train wreck from status quo to provide quality Veteran healthcare providing them the benefits they deserved for the first time in VA history. Hillary Clinton is many things but you got to hand it to her: she managed to do what both houses of congress and all their committees riding on Washington's whorehouse *Ship of Fools* could and still cannot: reform VA. However, all good things end; after Clinton left office and Kizer resigned from VA so did their success story. Recidivism quickly reclaimed the institution to its former cesspool run by status quo 'good old boy and girl' special

interests: VSO's, political pork, crony's, internal corruption, etc while pigging out on their free lunch riding on VA gravy trains. All the while, hiding behind claimed and published accounts of what the agency did not do during the Clinton era VA golden age. VA is now considered the worst healthcare system in America yet perpetuates commonly believed lies to the contrary. Ref: Avik Roy, Forbes Staff writer.
